### GRAVEYARD SPIRITS

Reminiscence of Former Maysvillian Who is Now Visiting Here

Colonel William L. H. Owens of Louisville, now on a visit to this city, dropped in on THE LEDGER for a social call yesterday, during which he put the following story into type—

"I wish to relate an experience in my life, the memory of which has lingered with me for over half a century. It happened at the old graveyard, which was located just where the depot now stands at the head of Third street. The graveyard was being wrecked, that the railroad company might have the use of the ground. At this time 'spirit rapping' was a mysterious novelty, as well as a terror to the small boy—which terror was equal to 'a snake

'he grass' sensation. Well, there was no \_p for it; the bodies had to be removed; so I constituted myself High Reurrectionist—or Superintendent. Many gruesome sights greeted my eyes, and I saw unearthed the bodies of many persons whom I had seen in life walking the streets of Maysville. But this narrative deals with 'split-manifestations.' The Eastern end of the graveyard, where the 'potters' were buried, was composed of a clay that held water. There was Billy Tolle, the foreman, and under him John Knox and other grave-men whom I knew. They began digging into a grave, and soon the hard ground turned to hard clay. But the coffin-boards were soon removed, and the head of the coffin slightly raised by John Knox, who was in the grave, a lifting-rope placed in properly, and the work began—slowly, very slowly, a little progress made, when the men took a little rest, and as the coffin settled back into the miry clay there was distinctly heard a knock-knocking, a knock-knocking coming from the inside of the coffin. The men were

afrighted, dropped the rope, and John Knox clambered out of the grave, and for awhile the knocking continued, growing fainter and fainter, till, with a seeming sigh, it ceased. Meanwhile the men stood in a group, looking down into the open grave. Each had an awestricken look on his face, the left corner of the mouth showing the distress of amazement. I was conscious of the brightness of the sun and the blueness of the sky; but for my escape I relied mainly on the fact that in the Southeast corner of the graveyard there was a gorge under the fence, through which I could drop, descend to the valley, and soon reach Limestone Creek, through which a disembodied spirit might not pass. As for the men, they said not a word, as they stood, their elbows resting on their pick-handles, with the palms of their hands supporting their chins, their eyes fixed on the hole in the ground."

"I wonder, dear reader, what you would have done had you been in the place of the little boy, who, with beating heart and wide-open eyes, stood watching the men and the unanswerable grave! Unless the mystery were solved, the stars would shine in his eyes all night, so he was glad when he saw his friend Billy Tolle, the boss, coming forward. 'How

now, what is the trouble?' 'It is the Banehee, sure,' said John Knox. 'Banehee?' queried the boss. 'Banehee in the coffin, there.' 'Nonsense; what is the Banehee?' 'In my country it is the Banehee that comes to warn you of danger or trouble.' 'Oh, there's no Banehee in that coffin; get down into the grave and lift the coffin.' Neither of the men would venture, so the boss got down himself, and adjusted the ropes. Then came the tug of war; slowly came the coffin to the surface, while the knocking kept up with distressing vehemence. At last, the coffin was placed on the bier, with the water streaming out, and the knock-knocking gradually ceased. Mr. Tolle then took a spade and, reverently, as I thought, lifted the lid of the coffin, disclosing the form of a man, which had on the head a black felt hat, and clothed with a red shirt belted into his pants, which were stuck into his boots. And the mystery was made plain."

WASHINGTON, July 30th.—Orville Wright this evening attained the zenith of a hard-earned success. In a 10 mile cross-country flight in the famous aeroplane built by himself and older brother, Wilbur, and accompanied by Lieutenant Benjamin D. Foulois, an intrepid officer of the Army Signal Corps. Incidentally he broke all the speed records over a measured course and established beyond dispute the practicability of the aeroplane in time of peace and in time of war. Wright's speed was more than 42 miles an hour. He made the 10-mile flight in 14 minutes and 42 seconds, including the time required for the turn beyond the line at Shuler hill, the Southern end of the course.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription."

Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

value for this year, as returned by the Assessor, is \$3,629,012. To meet the needs as per statement above it will require a levy of 40 cents.

Your Committee, therefore, recommends that legal proceedings be begun at once to secure the required revenue and protect the schools from embarrassment.

It is very important that the rights of the Board of Education shall be determined without delay.

R. A. COCHRAN,  
J. B. RUSSELL,  
GEORGE SCHWARTZ,  
A. L. MERZ.

The Committee was authorized to employ such legal aid in determining their rights as in their wisdom the exigency of the case might demand.

There were several offers submitted to the Board by prospective purchasers of the old High School Building, none of which, however, met with the approval of a majority of the Board, and after a wrangle and a tangle the matter remains status quo, as the lawyers put it.

Secretary C. Ed Geisel was appointed a committee of one to confer with the proper county officials in regard to making the High School one of the county graded schools.

Superintendent Bradner suggested the adoption of an up-to-date time system for the conduct of the High School, and the same was approved and accepted.

Other minor matters were attended to and then the members shook hands with themselves and adjourned.

TO KILL THE DANDRUFF GERM.

In the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

RUGGLES CAMPMEETING

Ledger Correspondent Writes Entertainingly of What's Going On

RUGGLES CAMPGROUNDS, July 29th, 1909.

Memorial Day always draws a large crowd, but it is a very sad day nevertheless, especially that part of it devoted to the services proper. For several years Rev. Harrop has preached the memorial sermon. Somehow he seems peculiarly fitted for the task. His sermon this morning was from the text, "I Will Not Leave You Comfortless; I Will Come Unto You," the tender words of the Saviour of men to His Disciples just before His crucifixion. In his own tender, sympathetic way he made touching references to those who have passed over since last Campmeeting. Then, in no uncertain words, he pointed out how other religions failed to give any comfort to the dying, closing by triumphantly pointing to the comfort, joy and consolation of the Christian religion, the only religion to die by. Those who have died since last Campmeeting were Mrs. Gladys Bradley Huff of Texas, I. F. Forman and Anna A. Jones of Canaan Church, Mary E. Applegate of the Christian Church, Miss Helen Newell, Mrs. Jane Morris and John G. Brodt of Maysville. Their faces are sadly missed from our camp.

The Rev. A. H. Davis preached this evening to a large audience. The male quartette is doing yeoman service in the meeting. They were called to sing three times at the evening service.

Announcement—The Rev. Dr. P. J. Maveety, Secretary of the Freedman's Aid Society, will preach Sunday, morning and evening. He will be worth hearing. Rev. G. W. Bunton will preach in the afternoon. Rev. M. A. Wallingford will conduct the 9 o'clock praise service. The

biggest crowd on record is confidently looked for. Rev. Harrop and his corps of census enumerators got busy early this morning and we are now privileged to give the following result: This year there are in round numbers 400 people camped here—quite a little town, isn't it? These people come from five States and 46 different Postoffices. Religiously, the campers compare very favorably with former years.

There are 220 Methodists, 51 Disciples, 19 Presbyterians, 17 Baptists, 3 Lutherans, 4, Free Will Baptists, 3 New Light, 3 Catholics, 1 Jew, 1 Holy Union, 1 Independent and 79 with no Church affiliation. Many of these however, are small children. We think this a good showing for Christianity. Still there is plenty of work for every Christian to do to get those outside of the Church to become Christians.

We are not an astronomer, nor the son of an astronomer, but we would like to suggest to the official "star-gazers" that they schedule the next shower of shooting stars, that are not going to fall, to some time outside of the Campmeeting dates.

Last night was an awful night for folks who wanted to sleep. The amateur "star-gazers" kept up a continued hub-bub all night. They did everything from ringing the bell to going from cottage to cottage before daylight and waking everybody up. Take our advice and "cut it out."

This might almost be called Maysville day. The following persons spent the day with us: Mr. and Mrs. W. F. Thomas and children, Mr. and Mrs. H. L. Walsh and daughter, Mrs. Charles Wetzel, Misses Virginia and Della Wetzel, Miss Maria Owens, Mrs. William A. Wood and son, Mrs. Harry Ott, Mrs. Sam Middleman and Miss Mary H. McClanahan. Colonel Thomas A. Davis and Miss Jennie

BOARD OF EDUCATION

The Board of Education met last evening in their handsome quarters in the new High School Building in regular monthly session, President Yanzell presiding.

The meeting was animated and protracted. As is customary with deliberative bodies, much was done and undone.

The minutes of the previous meeting were read and approved, claims allowed and salaries of Superintendent Bradner, Inspector Frederick and Janitor Oatman were ordered paid.

The new rules, as reported by committee, were adopted with two dissenting votes.

The Committee on Curriculum for the High School reported two courses, English and Classical, same being unanimously adopted.

Member R. A. Cochran, as Chairman of the Finance Committee, submitted the following—

To the Honorable Board of Education—Gentlemen: The Mason County Fiscal Court has construed the law passed at the last session of the Legislature as repealing the special law of Mason county.

From this special law our schools received last year \$4,197.79, and this loss in income

from the county must come from other sources. Again, at the July meeting of the City Council, the rules were suspended and a measure was rushed through taking away the fines and poll-taxes. These two items have gone to the support of the schools for years.

In passing it might be of interest to know that no mention was made of this action by The Bulletin or LEDGER in their published accounts of the proceedings. Inquiry of one of these papers as to why this was done brought no response.

On the other hand, the broadening out of school work, increased force at the High School and District Schools, made necessary by the enforcement of the Compulsory Educational Law, have increased the expenditures.

To meet the needs of the schools for the coming year, and in accordance with provisions in the charters of fourth-class cities, your Finance Committee placed in the hands of the City Clerk thirty days before the tax levy was made a statement of the approximate receipts and expenditures for the coming year.

The statement was as follows:

Estimated Expenditures.	
Teachers.....	\$15,850
Janitors.....	1,100
Supplies.....	1,800
Repairs.....	500
Insurance.....	350
Rent, Colored School, Sixth Ward.....	50
Census Enumerators.....	80
Examinations.....	15
Traffic Officer.....	200
Treasurer.....	150
Secretary.....	100
Total.....	\$20,255
Estimated Receipts.	
State Fund.....	\$ 3,800
Fines.....	425
Tuition.....	750
Total.....	\$ 4,975

Under the provisions of the charter the City Council has no discretion in the matter, but must furnish out of the taxes the necessary funds for the maintenance of the schools, provided it does not exceed 50 cents of the levy. The Board of Education is responsible for its actions to the people and not to the City Council or other city officials.

In making up the levy 35 cents was apportioned to the schools. Even before the fines and poll-taxes were withdrawn this would not produce the needed revenue. The taxable

FURNITURE PIANOS and ORGANS

Anything you are looking for in the Furniture line may be found in our store. We are offering special bargains in Parlor and Porch Furniture.

There is No Lack of Pianos! The country is full of them, good, bad and indifferent, and it is easy to find a big range of prices, some very high and some very low, but such good Pianos like the SMITH & NIXON, EBERSOLE and KOHLER & CAMPBELL are not to be found in one store every day. In fact, we doubt very much if they can be found any day or anywhere but in our store. Satisfaction is what you get when you buy one of these Pianos. Contrast the quality of these Pianos with instruments of similar grades elsewhere and you'll note a marked difference. We have these three makes from the lowest to the most expensive.

We have a large number of used Organs on hand at present which must be sold. We, therefore offer some of them as low as \$10. These Organs were taken as part payment from parties who purchased new pianos of us. Come and inspect these Organs, as there are some great bargains among them.

GIVE YOUR EYES A HOLIDAY

Your eyes have been working at least sixteen hours a day and seven days each week, with no time off for lunch. Do you expect them to continue to do this year after year without assistance? If you can't go to the mountains or sea coast, you can, at least, give your eyes a rest by wearing the proper lenses to correct the errors of refraction. Headache, nervousness, indigestion, etc., when caused by eye strain, will be relieved at once by suitable lenses.

There is no one within fifty miles of Maysville who is as thoroughly competent to correct errors of refraction as

### BURDENS LIFTED From Maysville Backs—Relief Proved By Lapse of Time.

Backache is a heavy burden; Nervousness wears one out; Rheumatic pain; urinary ills; All are kidney troubles—Daily effects of kidney weakness. No use to cure the symptoms; Relief is but temporary if the cause remains. Cure the kidneys and you cure the cause. Relief comes quickly—comes to stay. Doan's Kidney Pills cure kidney ills. Prove it by your neighbor's case. Here's Maysville testimony: The story of a permanent cure: William H. Paul, 333 East Third street, Maysville, Ky., says: "For two years I had pains in my back and other troubles, caused by disordered kidneys. When Doan's Kidney Pills were brought to my attention I began their use and they soon brought me relief. I cheerfully indorse this remedy as one that lives up to the claims made for it."

The above statement was given on December 13th, 1904, and on February 6th, 1905, Mr. Paul added: "My opinion of Doan's Kidney Pills has not changed since I first recommended them. My cure has been lasting and I am now in good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
